

VERBENA PLANT NAMED 'SUNMARIBAGADI'

5

ABSTRACT OF THE DISCLOSURE

Disclosed herein is a new and distinct variety of  
Verbena plant having a decumbent growth habit. The  
10 Verbena plant has abundant branching, the whole plant  
remaining in bloom for a considerable period of time. The  
flowers are formed in profusion in a cluster and the  
petals display a dark purplish red color. The blooming  
period is from April to November, and the flowering  
15 duration is long. The plant exhibits high tolerance to  
heat, and high resistance to rain, pests and disease,  
particularly powdery mildew.
